Cycle 1006

DGAT14

**North America Coverage
for**

Garmin AT / Apollo GX50, GX55, GX60, GX65, 2101

NavData Oversizing

May 24, 2010

Due to normal expansion of the aviation database, the North America coverage will no longer fit on the 4 MB card. Therefore, beginning cycle 1006 effective June 3, 2010, it has become necessary to remove approaches to runways greater than 9500 feet with an ILS approach to the same runway.

We apologize for any inconvenience this may cause.
